

Company Presentation Schedule

Sep. 17 (Thu)				Sep. 18 (Fri)	
Rm. Time	Hall E2	Hall E3	Hall E4	Hall E3	Hall E4
10:00~10:30	Hanmi Platform Technology: LAPSCOVERY & ORASCOVERY <small>Hanmi Pharm. Co., Ltd. [Korea]</small>	Korea Bio-IT foundry Gwangju Center - The Most Reliable Business Partner of POC R&D and Production <small>Korea Bio-IT Foundry Center @ Gwang-ju [Korea]</small>	Novel Biochemical Marker for Myocardial Infarction Diagnosis & Novel Therapeutic Vaccine for Obesity <small>SJ Biomed Inc. [Korea]</small>		Shaperon Inc.: The Pipelines for Sepsis and Cancer Immunotherapy <small>Korea Biotech R&D Group - Shaperon Co. [Korea]</small>
10:30~11:00	An Alzheimer Disease (AD) Inhibitor and Osteoporosis Inhibitor Developed by Integrated Drug Discovery Platform (IDDP™) <small>InnoPharmaScreen Inc. [Korea]</small>	Welcome to Green Jeollanamdo: Bioindustry of South Jeolla Province and Investment Opportunities <small>Jeonnam Bioindustry Foundation [Korea]</small>	Introduction and Progress of GCC' Vaccine and Biologics Pipeline <small>Green Cross Corp. [Korea]</small>	Novel Bio-Therapeutics for Ischemia (VM202) & Thrombocytopenia (VM501) <small>ViroMed Co., Ltd. [Korea]</small>	Introduction of Gimhae Biomedical Center <small>Gimhae Biomedical Center [Korea]</small>
11:00~11:30	Cloning Without Restriction Sites by Using Red/ET Recombination <small>Gene Bridges [Germany]</small>	Adding Value an Effective Global Regulatory Strategy for Medical Devices and Diagnostics <small>Brandwood Biomedical Pty Ltd. [Australia]</small>	Virusure Forschungs und Entwicklungs GmbH <small>Virusure GmbH [Austria]</small>	GenomeCAA and GenomeCAD - Computer Aided Analysis and Design of Microbial Whole Genomes <small>National Research Program for Genomic Medicine [Taiwan]</small>	Corelli Consulting: Transactions in Life Sciences: Do It Right The First Time <small>Corelli Consulting Pty Ltd. [Australia]</small>
11:30~12:00		Malaysia's Biotechnology Value Proposition <small>Malaysian Biotechnology Corp. Sdn. Bhd. [Malaysia]</small>	US FDA Biological New Drug, Apitox – Phase III Clinical Trial <small>Apimed, Inc. [Korea]</small>	Pine Tree Essential Oil and Pine <small>Aroma Herb Land [Korea]</small>	
12:00~13:30	Lunch Time			Lunch Time	
13:30~14:00	Introduction of PhytoHealth Corporation <small>PhytoHealth Corp. [Taiwan]</small>	How to Adopt Proteomics and Biomarkers in Our Company R&D? <small>Functional Proteomics Center - KIST [Korea]</small>	New Avenues for a Fruitful Biomedical Cooperation Between Korea and the Heart of Europe <small>AWEX [Belgium]</small>	Advancement in Adult Stem Cell Therapy <small>MEDIPOST Co., Ltd. [Korea]</small>	CK Life Sciences, International Inc - Partnering Opportunities for Cancer and Pain Therapeutics <small>CK Life Sciences [Hong Kong]</small>
14:00~14:30	Development of Hemostatic Agent Recombinant Thrombin-like Enzyme <small>Biobud, Inc. [Korea]</small>		Generation of Therapeutic Antibody Leads by Using Enormous Human Hierarchical Fab Antibody Libraries (HuDVH & HuDVL) <small>Charles River [U.K.]</small>	"NXCL-4950" - A Novel, Quick Effective Peripheral Blood Vessel Vasodilator <small>IG Therapy Co. [Korea]</small>	Alginate Microcapsule Encapsulated Extract of Horseradish and Preparation Method Thereof <small>NEURONEX [Korea]</small>
14:30~15:00	Anti-obesity Drug ALS-L1023 Using Angiogenesis Inhibitor <small>AngioLab, Inc. [Korea]</small>	Contract Research Organization (CRO) Collaboration Model in Asia <small>DreamCIS Inc. [Korea] & ASKLEP Inc. [Japan]</small>	Genetic Vaccines for Human and Animal Health <small>Fraunhofer Institute for Cell Therapy and Immunology IZI [Germany]</small>	InCell IT: A Novel Innovative Technology for In Situ Monitoring of Drug-Target Protein Interaction within Live Cell <small>MeDiscov Inc. [Korea]</small>	Nanoparticulation Using Fat and Supercritical Fluid <small>Bio-Synectics, Inc. [Korea]</small>
15:00~15:30	LG Life Sciences: R&D Collaboration & Licensing-out Opportunities <small>LG Life Sciences [Korea]</small>		Introduction of SEOUL-CRO, Specialized in Asian Clinical Study <small>Seoul CRO [Korea]</small>	Novel Targets for the Treatment of Diabetes <small>Scottish Biomedical [U.K.]</small>	Novel Biomarkers, Drug Candidates & Bioinformatic Tools (KRIBB) <small>Korea Research Institute of Bioscience & Biotechnology [Korea]</small>
15:30~16:00	Introduction of Daewoong R&D and Pipeline <small>Daewoong Pharmaceutical Co., Ltd. [Korea]</small>	Introduction - Korea Institute of Toxicology (KIT) <small>Korea Institute of Toxicology [Korea]</small>			
16:00~16:30	Finding the Right Partner to Cost Effectively Enhance your Internal Pipeline <small>Chemizon [Korea]</small>	Introduction of Morimoto-Pharma Group With CRO and Research Business in U.S.A. <small>Morimoto-Pharm Co., Ltd. [Japan]</small>	Therapeutic Benefits of Multi-lamellar Emulsion (MLE) as a Topical Vehicle <small>NeoPharm [Korea]</small>		
16:30~17:00	RegenPrime IR – Experts in Regenerative Medicine <small>RegenPrime Co., Ltd. [Korea]</small>	Challenges and Opportunities of siRNA Delivery Systems <small>KAIST Office of Univ. - Industry Cooperation [Korea]</small>	Moving to The Next Level of Manufacturing <small>DSM Biologics Co. BV [Netherlands]</small>
